THE LAWTON MONUMENT.

Contributions Received from Soldiers

The Lawton Monument Commission will hold a meeting immediately after the election, to determine the form that the monument to General Lawton shall take. It has received \$157.80 from the officers and men of the Forty-fifth Infantry, now in the Philippines. The contributions were made by the following: Colonel J. H. Dorst, Lleutenant Colonel James Parker, Lieutenant D. I. McCor-mick, Lieutenant William E. W. McKih-

Company A-Captain Montfort, Fred J. Fred H. Norman, Ed Hunter, Voorhees Albert Bodwin, Morgan Burns, Richard O'Neil.

Company D-Frank Frost, C. M. Jones, Allen H. Condrit, J. G. Gresh, Fred Lo-- Morley, O. E. Smith, Raymond Hoffman, Paul Lehman, Charles W. Wallcot, George E. McFadden, William Shearer, John G. Cherry, John Whittington, Walter L. Stewart. Company E-Captain O. P. Lee, Lieuten-

ant George E. Kumpe, Lieutenant Roy I. Taylor, William Mansfield, Anton Hohman, C. R. Dority, Frank Bell, Charles Hines, Charles W. Eherke, T. J. Fitzgerald. D. D. Hansbury, E. S. Worker, George Royse, Joseph F. Conlan, William Rofer, H. V. Brown, John Jepson, Stanley Kemp, Charles Kerler, Joseph F. Clevy Hunsdorfer, John Loffs. Antonia elanchot, William S. McHenry, Peter Jefson, Nortiv Jenson, John Olson, Sherman Brant, Hugh Lafollette, F. S. Gedes, C. W. Noonan, Thomas H. Farret, Conrad Evders, Motte Doloven. Curtis Gorden, Julius W. Henniger, Fred Worth.

AMUSEMENTS.

The dramatized version of "Mr. Dooley" should be a success, since it has been made by Rudyard Kipling, Finley P. Dunne and Edward W. Townsend.

Theater, promise to do a fair business this week, as the show is much better than the ordinary run of vaudeville attractions. Mary Hampton has sent in her resigna-

tion as leading woman of the American Theater stock company, New York, of which Herman Sheldon is reported to be a dissatisfied member.

"Box and Cox" and "Still Waters Run Deep," two fine old English comedies, constitute an exceptionally strong double bill at the Grand this week. There is a heavy of presenting Governor James A. Mount." advance sale for the matinee to-day. XXX

"Pilate and Ovid's Daughter" is the title of a play by Mrs. French Sheldon, the American authoress, which the London theatrical censor is said to have finally "passed" after certain parts, which he clared to be highly biasphemous, have been eliminated.

"The Flaming Arrow," Lincoln J. Carter's Western melodrama, which opens a three days' engagement at the Park to- tion will find in the hearts of the people WILL DELL of Indians and cowboys who are said to give an entertainment that is unique and exciting in the extreme,

The costumes and scenic equipment carried by George Primrose and Lew Dockstader this season are said to surpass any heretofore displayed by those famed exponents of the art of modern minstrelsy. They will give two performances at English's this week-Saturday afternoon and

"Tom Moore" is the title of the new play by Theodore Burt Sayre which Andrew Mack has accepted for production. Other well known characters which are introduced to keep company with the celebrated poet are Richard Brinsley Sheridan, the Prince of Wales and Mrs. Fitz-

"The Angel of the Alley," Sullivan and Blair's new melodramatic production, is demonstrating to patrons of the Park Theater that the vein of sensationalism is by no means "worked out." There are several decidedly new and novel situations calculated to thrill an audience, among them the death-chamber in Sing Sing prison with a reproduction of the electric

XXX The sale of seats for Joseph Jefferson's appearance in "Rip Van Winkle" at English's Opera House next Tuesday night will open Friday morning. Seats for Nat Goodwin and Maxine Elliott's engagement in "When We Were Twenty-one" will be placed on sale Monday morning. The seat le for William Collier's production of "On the Quiet' will commence next Tuesday morning.

The management of the Grand stock company has asked for the resignations of two members who have been hindrances ever since the beginning of their connection with the company. In this connection it may be said that there has for some time been a persistent rumor that Mr. John Flood, the leading man, will shortly tender its resignation. Those who have the welfare of the company at heart are suggesting that it would be a good stroke of business to secure an invenue-the organization displaying a noticeable gap in that

New Vaudeville "Combine."

PITTSBURG, Oct. 23.+H. A. Williams, proprietor of the Academy of Music and the Duquesne Theater, in this city, has entered into partnership with Joseph Speer, of the firm of Alexander Speer & ns, for the purpose of operating a new Harry Williams Amusement Syndicate. A charter has been secured, and agents are now working to secure theaters for the circuit in Cleveland, Cincinnati, Chicago next season with a string of ax or eight vandeville houses, in addition to the two pened by Mr. Williams here.

FIRST SESSIONS OF THE PUBLIC HEALTH ASSOCIATION.

tors and Deputy Bell Apologizes for the Mayor.

PAPERS OF IMPORTANCE READ

VIEWS OF PROMINENT SCIENTISTS ON TIMELY TOPICS.

Reception at the German House in the Evening-The Women Entertained-The Day's Deings.

When the twenty-eighth annual convenon of the American Public Health Association was called to order at 10 o'clock yesterday morning the large body of delegates-about 150-were surprised and delighted with the arrangements which had been made for their comfort and enjoyment by the directors of the German House. The spacious and handsome auditorium, in was ordered printed for general distribution among railroad officials. Dr. Hurty recommended the commencement of an agi-The spacious and handsome auditorium, in and flowers, and these were the subject of admiring comments on all sides. These conventions have been held in larger cities than Indianapolis, but the delegates unite in the declaration that never before have they been greeted so heartily or entertained so royally as in Indiana's capital. The officials of the German House have vied with the local entertainment committees, of which Capt. W. H. Armstrong is president and Dr. John N. Hurty secretary, in making the most complete arrangements possible for the adequate reception | terests should not be considered along with and entertainment of such a distinguished body of visitors. The gentlemen mentioned have had the untiring services of a host of local men and women whose united efforts have brought forth such splendid results that the statement is amply justified: "Indianapolis has done herself proud in the matter of receiving the American Public Health Association." Each member of the entertainment committees, as well to have a good time during their sojourn in the city and of adding new luster to Lonzo Haugh, Charles C. Taylor, the city's prestige as a generous hostess. Captain Armstrong welcomed the visitors in a brief but happy speech, in which

"Ladies and Gentlemen-Your coming together in this way has for its purpose the proper consideration and dispatch of the usiness before you. I fully appreciate its importance and of your time and only desire to say a word for the committee representing our citizens in the work of pre-

paring for your coming. "Its membership represents in equal numbers the medical society of this county and the Commercial Club, the two largest assoclations of their respective classes, augmented most pleasantly and efficiently by a committee of ladies who represent the woman's organizations of this city, and who especially desire to greet and make pleasant the visit of your ladies who honor

"The work of making ready for your com ing so that you might transact the busibefore you in the most comfortable and satisfactory manner and have some interims of refreshment and recreation has been to all of us a labor of love, for we fully realize how noble the cause in which you are enlisted and honor you for the record made in it.
"I am authorized to tender the compli

ments and best wishes of each individual member of our committee and place them at your service during your stay in our city. If you do not use them they may feel neglected. Wherever and whenever you see The "Royal Burlesquers," at the Empire the wearer of a blue ribbon committee badge fail not to give the wearer the pleasure of being of use to you. They will have failed in their desires if you go away withcut feeling that we have made your visit

"We of the committee have had you in our minds a sufficient time to feel a sort of kinship, and you thus have a place in our hearts on which you can draw without

"The whole people of our city and State have been waiting for this time to welcome you, and their highest representatives in the persons of the chief executive of the State and of the city are here to voice their welcome. I have the great honor

THE GOVERNOR'S WELCOME. Following Captain Armstrong, Governor Mount extended a cordial greeting to the as follows:

"It affords me pleasure to greet and to welcome to Indiana the American Public Health Association. The warmth of the welcome to an association finds its inspiration in the good deeds of that body. Measured by such standard, this convenmade greater progress than sanitary science; no profession greater achievements than the medical profession; no field of investigation and study offers broader opportunities than that which prevents contagion, improves health conditions and heals the sick. Indiana has not been unmindful of these important conditions. At the disposal of the executive, through and with the advice of the State Board of Health, \$50,000 is provided as an epidemic fund. Laws restricting the practice of medicine, and providing who shall act as pharmacists, have been enacted as safeguards to the life and health of the peo ple. Carlyle said: 'There is no kind of ichievement equal to perfect health. What to it are nuggets and millions?" William Temple well said: 'Health is the soul that animates all the enjoyments of life, which fade and are tasteless, if not dead, without it. Without health a man starves at the best and greatest tables. poor and wretched in the midst of the greatest treasure and fortunes.'

"Reason's whole pleasure, all the joys of Lie in these words, health, peace and com-

"Truly, 'All that a man hath will he give for his life. "However much we may differ as to the surely we are agreed that in the great drama of life, in all temporal affairs, health is of transcendent importance. "The growing population of our cities, the contamination of our lakes and rivers

through the waste and sewage of our cities and towns, will call forth the wissanitary conditions. A multitude of questions involving hygienic problems are daily coming to the front for solution. In these questions we are all deeply concerned. We ic Health Association. Your discussion of things vital to public health must re- and areaway. sult in better methods of combating and preventing infections or contagious diseases. We look upon your work with favor, and in full appreciation cordially greet you. Your souvenir badges will remind you that in the capital city of our great State stands a silent monitor, massive, grand and eloquent in its silence. It speaks for our sleeping brave. The State that

honors her patriot dead will always have heroes to fight the country's battles. "Coming, as you have, from all parts of the United States, of Canada and Mexico, to this beautiful inland city. you must have observed its accessibility. Now that you are here, we hope you will be charmed with its happy homes, its churches and schools, and, more than all, by the hospitality, intelligence and kindly spirit of our people. Here in this city and in this State you will find a cosmopolitan spirit that will make you feel as one with our people. The deliberations theatrical "combine," to be known as the of your convention will doubtless diffuse information on the important question of public health. I trust you will also carry with you many pleasant recollections of this State, its resources, its growth, its and St. Louis. It is the intention to start possibilities. It will be pleasing, indeed, Mrs. Claire A. Walker and Miss Isabella to have you visit our schools, normals, Roache. The visiting women who partook colleges and universities; our penal, re- of the treat were:

with our people, the better will you understand why this city is a mecca to which journey conventions, that they may feel the inspiring touch of warm-hearted cordiality and genuine progress. "Trusting God's blessing will be upon you and the loved ones from whom you

are absent, and that your convention will be harmonious and profitable, I now, in behalf of all our people, bid you a most cordial welcome."

MADE AN APOLOGY. Deputy City Attorney Joseph E. Bell extended the hospitality of the city to the delegates on behalf of Mayor Taggart, for

whose absence he apologized. As announced in yesterday's Journal, the names of fifty-three new members were presented to the association and voted upon for admission. Those selected to membership from Indiana were: Dr. Frank- array of instruments and appliances that in W. Hays, Mr. George Bryce, Dr. Edmund C. Clark, Miss Hester M. McClung Earl Proegler, Fort Wayne; Dr. George F. Glover, Evansville; Dr. Hugh A. Cowing, Muncle; Dr. T. Henry Davis, Richmond, president Indiana State Board of Health; Dr. A. W. Bitting, Lafayette, chief veterinary department Purdue University, and Dr. Wm. J. Fairfield, Anderson

Dr. J. Brena, of Zacatecas, Mexico, read very interesting and learned paper on the "Importance of Hygienic Principles." The value of sanitation as applied to rail-roads was dicussed by Dr. Domingo Orvanavos, member of the Mexican Superior Board of Public Health. Owing to the inability of Dr. S. H. Woodbridge, of the of Technology, of Boston, to be present, his report as chairman of the committee on car sanitation was read by Dr. J. N. Hurty. The report proved so valuable that by unanimous vote of the delegates it tation in favor of the use of white blankets instead of colored on sleeping cars, declaring that if white blankets were in use their dirty condition would be easily detected. Dr. Doty's paper on "New Quarantine Methods and Changes Which Are Called For in Marine Sanitation" was read by Dr. Horlbeck, of New York, in the author's absenc. Dr. Doty took very advanced ground on the subject, his main contention being that there should be less fear of infection through cargoes, clothing and baggage and personnel of the ship's passengers and crew. The author of the paper also said that there is no reason why commercial in-

antine matters. THE AFTERNOON SESSION. The afternoon session of the association was held in the amphitheater of the German House, which was comfortably filled with delegates. A few women were present, and seemed to enjoy the reading of the various papers. The first paper was the report of the committee selected by as each officer, has seemed filled with a last year's convention to investigate the twofold purpose of causing the delegates | cause and prevention of infectious diseases, read by the chairman, Dr. A. Walter Suiter, of Herkimer, N. Y. Dr. Suiter declared that smallpox is on the increase, and cited copious statistics to prove his assertion. He added the pleasing assurance that the death rate from this plague s decreasing. He said, however, that this latter fact must not be viewed too optimistically, because smallpox is certain, if an epidemic of it continues long enough, to develop its greatest degree of virulence, He referred to the many names by which this disease in its various stages is erronecusly designated, and said that such names had often deceived whole communities in neglecting proper safeguards against an Dr. Suiter proved the value of sanitary precautions and vaccination by citing the fact that Porto Rico, since the United States has dominated its government, has got rid of smallpox, which before the war, was very prevalent in the island. The doctor also discussed scarlet fever, malaria and typhold fever, and declared himself a believer in the theory litoes. In discussing typhoid fever, Dr. Suiter referred to Dr. Vaughan's dec-Spanish war were caused by typhoid fever, and emphasized the necessity of cleanliness about military camps. Dr. Suiter touched also upon the dreaded bubonic plague, and continent at a port on the coast of Brazil in October, 1899. He said that he did not anticipate a scourge of the disease, but urged great sanitary precautions. The doctor asserted that the famed Asiatic cholera had met its Waterloo at the hands of science, and he believed other plagues would encounter a similar fate. A paper on "Smallpox in Davenport," submitted by Dr. Preston, of Davenport

Ia., was ordered submitted, without reading, to the committee on publication. EMINENT SURGEON'S PAPER. By special courtesy of the convention, manifested through unanimous vote, Dr. Walter Reed, an eminent surgeon of the United States army, was granted time in which to read a paper containing results of some investigations of infectious diseases in Cuba, made under the direction of Surgeon General Sternberg. Dr. Reed's members of the association on behalf of paper proved so fascinating that when the State of Indiana. The Governor spoke | the twenty minutes' time limit expired another vote was taken and resulted in an extension of time being granted him-a favor which is very rare in this august Dr. Liceaga was not able to attend the convention, and his papers, "Ninth Report on Yellow Fever in Mexico" and "The Jenner Vaccine Well Preserved and Carefully Protected as a Permanent Preservative Against Smallpox," were ordered referred to the committee on publication. Other papers read and discussed yesterday afternoon were: Report of the committee on etiology of

yellow fever, by Dr. Henry B. Horlbeck, chairman, who is health officer at Charles-"The Influence of Temperature on Vaccine Virus," by Dr. F. W. Elgin, of Phil-"The Only Certain Prophylaxis against Smallpox is Human Vaccine, which, if Well Inoculated. Does Not Transmit Any In-

Predicposition to Disease," by Dr. Salvador Garciadiego, of Guadalajara, Jalisco, Mex-"Prophylaxis of Human Vaccine; Its Advantages and Disadvantages," by Dr. Francisco P. Bernaldez, of Mexico City, "Newark's Diphtheria Antitoxin Plant;

fectious-Contagious Disease, or Leave any

Its Results and Cost," by Dr. H. C. H. Herold, president of the Newark, N. J., Board of Health.

THE WOMEN ENTERTAINED.

A Drive Over the City and Refresh-

ments at the Country Club. The women who have accompanied their husbands or relatives to the convention of paramount issue in the political arena. the American Public Health Association were treated to a delightful ride about Indianapolis and its environs yesterday afternoon in carriages. This entertainment was arranged by the ladies' committee, of which Mrs. Thomas C. Day is chairman. People est provisions of law to maintain good who passed the German House between 2 and 2:30 o'clock yesterday afternoon were filled with curiosity to know the meaning of the long line of carriages drawn up in rejoice in the work of the American Pub- | front of the building and of the crowd of richly-dressed women thronging the steps

Once inside the doors a listener to the animated conversation which was carried on among the bevies of women assembled about Mrs. Day and Dr. Hurty was not long left in the dark as to the object of the gathering. Dr. Hurty rendered valuable assistance to the chairman of the women's entertainment committee in the matter of assigning the visiting women to the different vehicles. This work occupied half an hour, but when it was completed a party of fifty or sixty very happy women rolled away in carriages, each bent upon having the best possible time. The vehicles were not required to observe any fixed line of march, but the occupants of each were at perfect liberty to go anywhere their fancy might lead them. The only restrictions placed upon the party were that they were the Women's Reformatory and later ren- trolley and carriage rides. dezvous at the Country Club, where refreshments of a tempting kind were provided. Mrs. Day announced that this en-joyable feature of the afternoon would be delayed until the tardy ones should arrive at the place of rendezvous. The board of trustees of the Reformatory were represented in the party by two of its members, formatory and charitable institutions; our Mrs. H. M. Bracken, Mrs. Gardner G.

INTERESTING EXHIBITS.

They Occupy One Entire Room at the

German House.

An interesting annex to the Public Health Association convention in the German House is the display made by the United States Marine Hospital and various firms of manufacturing chemists. These are to be found on the first floor of the building. The hospital service is represented by an occupies one entire room. These comprise handsome medical and surgical chests, microscopes of the most delicate kind and and Dr. Rachel Swain, of Indianapolis; Dr. | full supply of drugs used in the practice of medicine and instruments employed in sur-

The display of Purdue University, in charge of Dr. A. W. Bitting, one of the instructors, attracts great attention. It consists chiefly of elegantly-mounted slides descriptive of a wide variety of interesting topics. A few of the subjects of these slides are: A properly constructed deep driven well, sand filtration at Lawrence, mass.; one cubic centimeter of Wabash river water and a like quantity of Ohio river water, each showing multitudes of bacteria of ancient and honorable or dishonorable lineage; an old Roman acqu duct; water purification by covered filters at Warsaw, Russia; purification by sedimentation, showing the St. Louis settling basins; typhoid death rate in sixty-six cities of the United States, according to the quality of water, and a set of slides showing proper and improper methods of disposing of garbage and sewage.

HARRISON AND HARRIS

Extend Welcome to Public Health As-

sociation Delegates. The public meeting of the Health Association in the auditorium of the German House last evening was a brilliant affair. Frank Wilson, left yesterday to visit her On account of the announcement that the that more attention should be paid to the addresses of welcome were to be followed by a reception and dancing most of the mer present were in evening dress and the women wore handsome evening gowns. The the decorations, which were of natural palms and ferns, were very rich and beautiful. Music was furnished by Hart's or-

The exercises were opened with prayby Rev. Louis Brown, rector of St. Paul' Episcopal Church, after which Dr. Bryce president of the association, introduced General Harrison, who welcomed the dele gates on behalf of his fellow-citizens. Gen

Harrison spoke as follows: 'Sometimes the local committee unduly to give an exhibition of what we call local alent, such as our friend here, the min display of historical fossils. [Renewed laughter.] The welcome that I extend to you on this occasion is purely unofficial, but none the less hearty. I hope you have not found us 'sinners above all men' against the laws of health. Your inspection wil probably be of the 'personally conducted' variety where one sees only the attractive discretion, but Dr. Hurty I fear will in the interests of cold science show you all that is bad in the city. But at least you will am sure, find us intelligently alive to sanitary science and to our own needs. We good deal of time for thinking and have a good sized fraction to spare for suitable attentions to distinguished guests. You gentlemen are working on right lines disinterestedly and scientifically, though long life is not always a blessing to man. Sensitive souls and stomachs have squirmed a little at the disclosures made by your vestigations. We have been afraid of large things-of Indians, grizzly bears, mad dogs that germs of malaria are transmitted by and other things which we could eithe shut out or shoot, but you have discle to us that our internal organs are all the laration that more than 80 per cent. of happy hunting grounds of invisible but deaths among American soldiers in the latal microbes, and that the war between happy hunting grounds of invisible but good and evil is as truly being fought in the liver as in the conscience. We give you honor. We do not doubt that there are some here to-night who make a purgave the interesting information that it suit of this science that shall astonish the world. In all such achievements the citizens of Indianapolis rejoice. We are not as bustling as New York and we have time, most of us, to stop and think, and we have a heart and mind to enjoy and commend every great work.

Dr. Bryce presented the next speaker. Harris, United States minister to Austria, who made one of his characteristically happy addresses. At the outset Mr. Harris disclaimed being at the meeting in his official capacity, saying: "I am aught else than the good wishes of all the good peaple of the city of Indianapolis, and certainly when one goes abroad, as some of us do sometimes-indeed. I think nearly all the people of Indianapolis were abroad this year-I met most of them on the other side-when one does go abroad and stay awhile and then comes home he feels ike he is coming home and like he would like to have everybody else visit him the city, and in that spirit I am sure I voice the feeling of every citizen of this city to-night when I say this city and each and all extend a hearty welcome to all these good people who have come here to hold their meetings within our city." Mr. Harris then launched into a brief discussion of the progress of sanitary science and praised the work of the association. In conclusion he said: "You are not citizens of one country or of another, although these flags here show you are close together-citizens of two countries speaking one tongue-but in science, in this nigher level of medical science, there i but one world and that is an empire and in it all men in all professions shall devote themselves to the higher and better thought as you have. I bid you welcome,

I bid you God speed and I glory in your Before President Bryce read his annual Mexico. Dr. Chico is a remarkably fine looking man, tall and of impressive appearance. His English was so broken that much of his speech was not intelligible to the audience. He extended a greeting on behalf of his native country to the two sister nations, the Dominion of Canada and the United States. In his address the speaker gave to the world the assurance that the Mexicans will fight no more battles except in the cause of civilization. Dr. Chico closed his address in the unique Mexican fashion, which curiously enough resembles that of the Ama Zulu people, of which so much is read in African romances, by the words, "I have spoken." The annual address of President Bryce was a very voluminous document. He sketched in detail the progress of sanitary science from its birth in the period of the Rennaissance down to the present time, and declared that scientific workers ought to take courage from what they have seen accomplished in this century, even though it is "but a stone in the edifice." The address will be printed in full in the proceedings of the association. At the concleared for dancing, which continued until a late hour.

A TRIP TO GREENWOOD. The Delegates Will To-Day Inspect

the Polk Dairy. To-day's entertainment of the learned doctors, professors of sanitary science and | reception at the home of the bride's brothwomen who are attending the convention of the American Public Health Association will consist of a trip to Greenwood by electric interurban trolley cars and a tour of inspection of Polk's sanitary dairy. The entire visiting delegation will be in the party and the start will be made from the Bates House corner at 2 o'clock this afternoon. Those who wish to make the trip are requested to be at the place of meeting fifteen minutes before 2 c'clock in order to allow time for arranging preliminaries. To-morrow evening between the hours of 6 and 7 the women of Indianapolis will hold a reception to the visiting women in the parlors of the Propylaeum. No cards are to be issued for the reception. At 8 o'clock to-morrow night a concert and entertainment will be given in the auditorium of the German House. The programme of enexpected to make a tour of inspection of tertainments will be finished Friday with

Programme for To-Day.

The executive committee of the Public Health Association held a private session vesterday in one of the parlors of the German House and decided upon the programme of exercises for to-day, as follows:

-Morning Session, 10 o'Clock .-Association called to order by the Pres-

Report of the executive committee.

Election of members. Appointment of members to vacancies in the advisory council. Report of the committee on pollution of public water supplies, by Mr. George W. Fuller, chairman, New York city.

Presentation of further details by members of the committee-Dr. A. C. Abbot, Dr. F. F. Wesbrook, Dr. Wyatt Johnston. Discussion, opened by Mr. Rudolph Hering, C. E.; Dr. J. H. Linsey, Mr. John W. Hill, C. E., Mr. William T. Hunt, Mr. F. A. W. Davis, C. E., Mr. H. W. Clark.

He Tells of the Commercial and Industrial Conditions That

-Evening Session, 8 o'Clock .-Report of the committee on disposal of refuse materials, by Mr. Rudolph Hering, C. E., New York city. Report of the committee on the teaching

of hygiene and granting of degrees of doctor of public nealth, by Dr. Wyatt Johnston, member of the committee, Montreal. A scheme for preventive medicine, by Dr. P. Jones, Greenwich, Conn.

Remarks concerning the vice of smoking among youths, and suggestions as to the means of overcoming it, by Dr. Juan Brena, vice president of the association, Zacatecas, Mexico.

Hygienic analysis of milk when used for the artificial feeding of infants and methods of doing so with rapidity and certainty, by Dr. Manuel Gutierrez, Queretaro, Mex-

Fletcher and Miss Emma Buschmann have returned from their European trip. Mr. Arthur and Miss Gertrude Hindman, of Chicago, are the guests of Mrs. G. W. Coonse, No. 2204 North Pennsylvania street. Mrs. A. S. Bartlett, of Lafayette, former-

son, in the Bermuda islands. Mr. and Mrs. W. W. Woollen will entertain at dinner Friday evening in honor of Colonel and Mrs. Samuel Merrill, who was return to California after the election. Mr. and Mrs. Harry S. New gave an of Miss Rowena Macrea New and Mr. Ernest Burford. Covers were laid for ten

Mrs. William Haerle will give a bowling party at the German House to-morrow evening in honor of a number of Louisville visitors who will attend the Goode-Ludorff wedding.

Dr. and Mrs. Benjamin A. Richardson will return from their wedding journey to day and will be at home with Mrs. Richardson's parents, Mr. and Mrs. Albert G. Brown, on College avenue.

Mrs. W. A. Krag and son Frederick have gone to Boston to join Mr. Krag, who is located there permanently. Miss Krag is with Mrs. Louis H. Gibson for a couple of weeks before going to Kansas City to visit Friends in this city have received an-

nouncement of the engagement of Miss Annie Elizabeth Newston, of Lincoln, England, and Dr. J. Albert Holden, formerly of this city. The wedding will take place Mr. and Mrs. Lefler left last night on

short trip, and on their return they will live at No. 1117 North Alabama street. The athome announcement is for after Dec. 15. Among the guests who came to attend the wedding were Miss Norma Von Hake and Miss Laura Selkmeier, of Cincinnati. Deitz, 517 South Alabama street, last night

occurred the marriage of Miss Clara Sponsel to George W. Wenz. The ceremony was performed by the Rev. Peters and the attendants were Louis Wenz and Miss Bertha Sponsel and George Noer and Miss Lizzie Wenz. Mrs. Wenz is the daughter of dore Deitz. Mr. and Mrs. Wenz will be at home at 1607 Shelby street after Nov. 1.

One of the most delightful of the evening dancing parties was that given at the Propylaeum, last night, by Mr. and Mrs. J. F. Failey, in honor of their visitor. Miss Wood, of Pittsburg, and their daughter, Miss Ethel Failey. The host and hostess were assisted during the evening entertaining by Mr. and Mrs. W. F. C Golt, our. and Mrs, Newton Todd, Mr. and Mrs. A. H. Blair, Mr. and Mrs. Harold Taylor and Mr. and Mrs. Ferd Mayer. The refreshments were served in the east parlor. Garlands of ground pine and Southern smilax were arranged from the chandeliers around the room, forming a canonot here to-night as the representative of | and smilax, and American beauty roses were used on the refreshment table. The stairway was outlined in follage, and in the ballroom pink and green were the colors used. Garlands of green intertwined with electric lights, with pink rose shades, were festooned from the ceiling. Wall and the platform was screened off with Among the guests from out of town were Mr. and Mrs. Cushing of Pittsburg, Miss Wheeler, Miss Foster and Mr. Grant Fairbanks of Terre Haute, Miss Olcutt of Paris, Ill., Miss McCrea of Cleveland, O., Miss Elmes of Chicago. A cotillion was a feature of the evening-after 12 o'clock. The figures were led by Miss Wood and Mr. Taylor and Miss Taggart and Mr. Charles

LEFLER-BIRK.

A very pretty church wedding occurred night, when Miss Anna Stasia Birk, daughfriends. Rev. Charles E. Lasby, pastor of the church, performed the ceremony. address he said that he desired to present | The ushers who escorted the guests to shore, as Mr. Bryan has said he would te the audience Dr. Chico, of Guanajuato, their seats were Mr. Edward Williams, of Knightstown; Mr. Adolph Schleicher, Harry Birk and Mr. Arthur Hindman. Nell Birk, as maid of honor, and a brother of the bridegroom, Mr. Curtis Harris played the "Lohengrin" wedding march for the entrance of the bridal party, and Saens. For the recessional, Mendelssohn's an over dress of white mousseline de soie, over which was fashioned a robe of embroidered mousseline. Each of the skirts were finished at the bottom with accordion broidered mousseline de soie, finished at the neck with a deep bertha of rose point lace. The only ornament worn was a Venetian necklace and long chain studded with pearls, from which was suspended a small point lace fan, with the bride's clusion of the speeches the auditorium was monogram in the lace. Her veil was fastened with a spray of orange blossoms, and she carried an arm bouquet of white chrysanthemums. Miss Nell Birk wore a pretty gown of crepe de chine over white taffeta. The skirt was tucked to the knee. from which fell a deep flounce of lace. The bodice was low. She carried an arm long streamers of pink satin ribbon. Following the ceremony, there was a large er, Mr. William Martin Birk, 1119 North Alabama street. Mr. and Mrs. Birk were assisted in receiving by the bridal party and a number of friends. The flowers banked with ferns, and the archways and one before long. ballustrade were outlined in smilax. In the dining room there was a pyramid of palms in the center of the room. The bride's cake was placed on the buffet, where the decoration was green, with festoons of white satin ribbon. An orchestra played during the evening.

A Successful Sale.

The sale of Oriental rugs and carpets at 30 West Washington street will continue to-day and probably the rest of this week. The attendance each day is very large, and many magnificent rugs and carpets, as well as rich specimens of bric-a-brac in bronzes, porcelains, Royal Vienna ware, Japanese and Chinese art curios, find their way into the homes of citizens of Indianapolis and neighboring towns. The exhibit also indes many pieces that were exhibited at the Paris exposition, and while the sale has been large, there seems to be hundreds of handsome and rich designs that have not yet been brought before the public, so that the choicest rugs and carpets may be seen during the remaining days.

REPRESENTATIVE OVERSTREET AD-DRESSES FOUR MEETINGS.

dustrial Conditions That Exist To-Day.

RECEIVED WELL SPEECHES

COLORED VOTERS ARE TAKING AN INTEREST IN THE CAMPAIGN.

Attorney General Taylor, Judge Lewis C. Walker and Nelson Crews Also Speak.

Representative Jesse Overstreet spent last night talking to the colored voters of the city, and was well received everywhere he went. He addressed four meetings where the audiences were chiefly composed of colored men and women. He confined his remarks chiefly to the commercial and industrial conditions that exist to-day, comparing them to the conditions that existed prior to the election of William McKinley. At each meeting Mr. Overstreet made a different speech, but in each instance he Dr. Calvin I. Fletcher, Miss Emily made it plain to his hearers that it is the thing to "let well enough alone." From the applause that greeted these sentiments it was evident that his audiences agreed

with him. Mr. Overstreet's first meeting was early in the evening at Sagalowsky's Hall, corner of Merrill street and Capitol avenue. This was rather in the nature of a precinct meeting. The next meeting was at 1325 North Senate avenue at the clubhouse of the Third Ward Colored Republican Club. The meeting was held in the yard, which was lighted by a big bonfire. Judge Lewis C. Walker was just closing a rousing talk when Mr. Overstreet arrived.

After addressing the crowd there Mr. Overstreet proceeded to Wilson's Chapel, at Rhode Island and Locke streets, where a good-sized crowd had gathered. While waiting for Representative Overstreet the crowd was entertained by Attorney General Taylor, who made a stirring speech and wound up by making an eloquent appeal to voters to stand by the 65,000 boys in blue who are fighting for the flag in the Philippine islands. Mr. Overstreet's next meeting was at the Iron League, on Indiana avenue. There was a big crowd there, and it was an enthusiastic one. POINTS ILLUSTRATED.

At the different meetings Mr. Overstreet told a number of anecdotes that were received with great delight by the audiences and very aptly illustrated the points the speaker desired to make. At the Senateavenue meeting Mr. Overstreet began speaking just after Judge Walker closed, with these words: "On the 6th of November William McKinley will be re-elected President as sure as God reigns and the government lives." One of the chief points made by Mr. Overstreet during his speech before the Third Ward Club was Henry Sponsel and a sister of Mrs. Theo- | keeps." The speaker then referred to Bryman and Altgeld. Senator Tillman, the speaker said, read the Declaration of Independence at the Kansas City convention. Mr. Overstreet suggested that "you might as well call on Satan to lead the

in referring to the prosperity that the tresent administration has brought about, asserted that "no other man has done more for the American workshop and farm than President McKinley." An enthusiastic man at one of the meetings declared that he had a thousand votes they would all be for the Republican candidates. Mr. Overstreet made plain his position on the Philippine question at his Senate-avenue meeting. He admitted that the people of this country should feel a great deal of sympathy for the benighted Filipinos, but we must look after our own affairs first. We must see that our own houses are warm and our children are fed before we begin trying to aid people on the other side of the world. Then, if the Filipinos will behave themselves long enough to give the government a chance to determine what is best to do, they will be taken care of. Mr. Overstreet expressed the opinion that the Republican party is competent to take care of the Philippine question if permitted to do so. It has grappled with great questions before and has settled

HAS KEPT PROMISES. At all of his meetings Mr. Overstreet | your grocer gives you places special emphasis on the fact that the Republican party has kept the promises it made in 1896. "If we were right in 1896," at the Central-avenue M. E. Church, last he said. "who is it that will deny that we are right now? We don't claim to make ! ter of Mr. and Mrs. Martin Birk, and possible for every man to get rich, but we Mr. Otto Duane Leder were married, be- do claim that we can give men an opporfore a large audience of relatives and | tunity of working out their own destinies. We had better be suspicious of the man that says he will send us all to the sealike to do. He can't deliver the goods. Mr. Overstreet suggested that Bryan could Mr. Frank Warman, Mr. Leo Pfeffer, Mr. I not quote Lincoln and at the same time associate himself with Senator Tillman. The bride was attended by her sister, Miss | He said it might be all right to elect Bryan out of idle curiosity, just to see what he would do, but the speaker feared to take Lefler, was best man. Mrs. Frank T. the chances. I never like for a fellow to Edenharter presided at the organ, and practice on me," he said, and the crowd laughed. When Mr. Overstreet faced the big crowd at the Iron League and noticed during the ceremony Miss Jeanette Orlopp. | the enthusiasm that seemed to prevail he violinist, played "Le Cygne," from Saint | said it seemed more like a ratification meeting than anything else. He told his bridal march was rendered. The bride's hearers that in his opinion there never gown was of white duchess satin, with was a better time to be a Republican than at present. He thought if the Republicans have done the square thing in the right way the party is a good one to stand by. He also called attention to the fact that pleating. The low corsage was of em- Representative Underwood, of Alabama, sought to have the thirteenth amendmentthe one that gives the colored man the right to vote-repealed. One of the speakers who preceded Mr.

Overstreet at the Iron League was Nelson Crews, an eloquent colored orator. Mr. Crews also spoke at the other meetings. To-night Mr. Overstreet and C. S. Wiltsie will speak at Irvington.

Returns from Chattanooga.

Frank S. Clark has returned home from his Southern trip. He attended the reunion bouquet of pink chrysanthemums, tied with of the Spanish-American War Veterans at Chattanooga, Tenu., and was unanimously elected commissary general. Mr. Clark was asked yesterday about the proposed consolidation of the Spanish-American War Veterans' Association and the Spanish War Veterans' Association, and he said there was considerable talk on the subject at used through the rooms were white and the reunion in Chattanooga and he bepink chrysanthemums. The mantels were lieved the two organizations would be made

Old Landmark Remodeled.

What is known as the Moore property, en North Meridian street, just north of Pratt street, which was built in 1848 and was still a good house, has been purchased by new parties and remodeled and made an up-to-date house. When built, Charles Moore paid for the carpenter work with a gold watch. Mr. Moore resided in it until his death, which occurred several years

Eaton Barnes May Recover.

Eaton Barnes, who was injured in the improved yesterday, and City Hospital physicians said there were greater hopes for his recovery than at any time since the accident. He rested well, and took much more nourishment than on any day previ-ous. He is almost constantly attended by

EXTRAORDINARY PIANO VALUES

SEASONABLE OFFERING OF THE WULSCHNER MUSIC CO.

A Partial List of Both New and Used Pianos.

It will well repay intending purchasers of planes to look through the large warerooms of the Wulschner Music Company and see the bargains in both new and used pianos which they are constantly offering the public, at prices unequaled anywhere. In the immense stock are almost new planos, some being styles of cases which are not now quoted among the fall styles, but outside of slight differences in the casework are identically the same as the present styles. Reductions from \$50 to \$100 from the regular price are made on this account. Then there are planos which have been rented but a short time, or have been used at concerts, and are consequent-

ly sold at big reductions from the original Prominent among other bargains are the brand new planos at \$165, similar in quality and grade to what are sold by others at from \$225 to \$250. Others get these excessive prices by seductive advertisements, so worded as to mislead those who are unconscious of piano values. The Wulschner Music Company believes in selling the best quality in each grade of pianos, and at such a saving to the buying public as distinguishes at once theirs as the place to purchase. They feel that the public in general is too wise to buy on mere a droitly worded advertisements.

In buying in such immense quantities for cash, the Wulschner Music Company in turn is enabled to quote prices that others could not possibly do, and this results in such large yearly sales that it justly earns them the title of "Indiana's largest music house.'

Below are quoted a few of the many bargains, and as the fall of the year is the time usually selected by purchasers to buy planos, it will be seen that they

One Cameron piano, upright, almost new, having been used in concert but a short time, in beautiful figured oak, full size, cabinet grand, at \$290. One Smith & Barnes, finest case upright plane, seven and one-third octaves, dark mahogany case, in excellent condition, shows but little use, at \$185. One Valley Gem upright, oak case, full

size, seven and one-third octaves, in use but two years, at \$115. One Pease plano, upright, walnut case seven and one-third octaves. This plane is in very good condition and would undoubtedly give satisfaction for some time to come, at \$165. Three Jewett pianos, upright, dark ma-

hogany, full seven and one-third octaves. On account of the new styles coming in we have decided to cut the regular prices of these \$75. Here is an opportunity to secure a high grade piano at a greatly reduced price. One Chickering plane, ebony case, small size, full seven and one-third octaves, in excellent condition. Here is an opportunity

to secure a celebrated Chickering plano at a much reduced price, \$315. -Other Bargains .-One New England upright \$125 One Braumiller upright 175 One Smith & Barnes upright 16 One Knabe square One Christie square One Miller square One T. C. Light & Co. square

Any of the above bargains, or our regular

stock, we sell for cash or on payments, as

desired. You are cordially invited to in-

spect whether you buy or not
